Get a grip and be ready for the winter!

•**ENHANCED PERFORMANCE** – the technology in a winter Tyre means it performs better when the temperature drops below 7° Celsius

•**BETTER GRIP** – the special compound used in a winter Tyre means it remains softer in low temperatures offering more grip, better braking, traction and handling

•**GREATER CONTROL AND SAFETY** – the tread design of a winter Tyre has been specially created to offer better grip and traction in the snow

FurnitureClinic

care and repair

Is your furniture in need of a little care and attention?

From a dirty sofa to a scuffed bolster or a tear in your arm chair, Furniture Clinic is here to help you.

Our dedicated, friendly and professional team will visit you at a convenient time to give you a no obligation quote, and on many occasions will carry out the job in the home. If the job is more complicated, they will take the item to the workshop and return it to you when it is completed.

As well as repairs, we also provide a cheaper and faster alternative when it comes to updating your home and car's interior - we can re-upholster and re-trim leather and fabric furniture, or even carry out a complete colour change.

Re-trimming is available for both classic and modern cars. As leather specialists, we can custom match panels and seats to blend in with the rest of the leather, rather than re-trimming the full interior. This option saves you a lot of time and money, and will help retain the authenticity of a classic car.

In addition, French polishers are able to clean, repair and carry out full restorations to any wooden items.

As industry experts, Furniture Clinic serve many large national business needs, such as hotel and restaurant chains. Their diverse and respected client base means that you can feel confident knowing Furniture Clinic is the right company for you.

To find out more about we can do for your items, give us a call on **01207 282 644**.
