FurnitureClinic

care and repair

Is your furniture in need of a little care and attention?

From a dirty sofa to a scuffed bolster or a tear in your arm chair, Furniture Clinic is here to help you.

Our dedicated, friendly and professional team will visit you at a convenient time to give you a no obligation quote, and on many occasions will carry out the job in the home. If the job is more complicated, they will take the item to the workshop and return it to you when it is completed.

As well as repairs, we also provide a cheaper and faster alternative when it comes to updating your home and car's interior - we can re-upholster and re-trim leather and fabric furniture, or even carry out a complete colour change.

Re-trimming is available for both classic and modern cars. As leather specialists, we can custom match panels and seats to blend in with the rest of the leather, rather than re-trimming the full interior. This option saves you a lot of time and money, and will help retain the authenticity of a classic car.

In addition, French polishers are able to clean, repair and carry out full restorations to any wooden items.

As industry experts, Furniture Clinic serve many large national business needs, such as hotel and restaurant chains. Their diverse and respected client base means that you can feel confident knowing Furniture Clinic is the right company for you.

To find out more about we can do for your items, give us a call on **01207 282 644**.

You've spent years building a life, a family, and a home - don't leave it unprotected.

Estate Planning Services:

Lasting Power Of Attorney

An LPA is a legal document allowing you to appoint someone to make decisions on your behalf if you become unable to do so. There are two types of LPA, Health & Welfare, and Property & Finance.

Basic Wills

A will is a legal document that outlines how your assets should be distributed after your death. It ensures your wishes are respected and can appoint guardians for children under 18.

Family Asset Protection Trusts

These trusts aim to protect various family assets, not just property, ensuring they're preserved for future generations.

Protective Property Trusts

These trusts are designed to protect your property, ensuring it's passed to your chosen beneficiaries, often used to safeguard assets from care home fees or remarriage situations.

Probate

Probate is the legal process of administering a deceased person's estate, ensuring assets are distributed according to their will or intestacy laws.

Life & Critical Illness Cover

Life insurance provides a lump sum payment to your beneficiaries upon your death, offering financial security. Critical illness cover provides a lump sum payment if you're diagnosed with a specified serious illness.

Why plan ahead

- Without clear legal documents in place, your estate may not go where you want it to.
- Loved ones can face delays, stress and unnecessary costs.
- Early planning gives you control - and protects your family from uncertainty.

Why Estate Planning Matters

Estate planning isn't just for the wealthy - it's for anyone who wants to:

- Make life easier for loved ones
- Ensure your wishes are followed
- Protect your home and assets
- Minimise inheritance tax
- Avoid unnecessary legal stress or delays

Protect what matters most.

Without the right legal planning, everything you've worked hard for could be at risk - from care fees, disputes, or outcomes you never intended. A professionally written Will or Trust helps protect your estate and ensures your wishes are protected.

How We Can Help:

We're an estate planning specialists helping families protect their assets, reduce stress, and plan with peace of mind. Whether you're preparing a Will, setting up a Trust, or arranging Power of Attorney, we make the process simple and personal.
